

Refer a Retailer, Earn \$50

**Get rewarded for referring your customers to LeafLink!
Receive a \$50 Amazon gift card for every retailer you refer.**

Make your customers' ordering experience more efficient, while receiving rewards! When you refer a retail customer that is not currently on LeafLink, you will receive a \$50 Amazon gift card.

How It Works:

- ① Find retailers in your network who aren't on LeafLink
- ② Share your [referral code](#) with them
- ③ Using your code, your referred retailer can sign up for LeafLink and start placing orders
- ④ As soon as they place their first order from your brand, you'll receive a \$50 Amazon gift card

To qualify, the referred retailer must place an order from your brand themselves in LeafLink. One gift card will be awarded per retail license. The retailer must be registered in your state to qualify as a referral. The Amazon gift card will be sent to the email address listed on the referrer's account. Allow up to 2 weeks to receive your Amazon gift card via email.
